Dear President,

I believe I should have the freedom of speech, based on Article 19 of the Universal Declaration of Human Rights:

Everyone has the right to freedom of opinion and expression; this right includes freedom to hold opinions without interference and to seek, receive and impart information and ideas through any media and regardless of frontiers.

Thus, I should not be blocked.

Haoqian,

We are referring to the e-mail below, sent after Prof. and myself already requested you to stop sending (mass) e-mails to recipients who are not related to the matter, or irrelevant e-mails.

This includes use of the @groupe.epfl.ch list.

This is an official warning, from Prof. and myself, that your Gastpar account will be blocked immediately if you fail to do so.

An official meeting request to discuss this matter will be sent to you shortly.

Kind regards,

EPFL
